Professional Experience

Qubika — Montevideo, Uruguay

2023 – Present

Senior Product Designer [Sep 2025 - Present] Design and deliver a unified, data-driven platform experience [For Client Exit Group]

Key Competencies

- UX/UI • Product Strategy • Data Visualization • Complex Systems • Figma • Cross-functional Collaboration • Design Systems

Improved efficiency, enabled more cohesive data-driven experience

- Audited client process and tools (Salesforce, Conga, Smartsheet)
- Collaborated closely with data and engineer teams to define features and ensure accurate data representation
- Designed scalable flows, built unified platform from scratch to support multiple use cases more efficiently

Qubika — Montevideo, Uruguay

2023 – Present

Senior Product Designer [March 2025 - Aug 2025] Simplify onboarding experiences to improve user conversion [For Client Seed Oils Scout]

Key Competencies

- UX/UI • User Flows • Conversion Optimization • Product Thinking • Figma • Rapid Prototyping • Motion • Jitter

Increased onboarding conversion by redesigning an overly complex 22-step flow into a streamlined, user-centered experience

- Audited and restructured a 22-step onboarding flow with high drop-off rates
- Reduced friction by removing, merging, and simplifying steps to improve completion rate
- Shifted the experience to deliver value earlier, balancing user input with immediate product feedback
- Continued working on feature redesigns after improving onboarding performance

Qubika — Montevideo, Uruguay

2023 – Present

Senior Product Designer [Dec 2024 - Aug 2025] Craft high-quality user experiences [For Client Throne]

Key Competencies

- UX/UI • Figma • Lottie Files • Motion • Responsive Design • Visual Design • Branding • Marketing Collaboration

Enhanced usability across two large-scale platforms, supporting high-traffic, responsive product ecosystem

- Identified usability issues and introduced improvements to reduce friction in core interactions for 1M+ users
- Redesigned and optimized existing user flows across both Listful and Throne platforms
- Supported marketing team by creating visual assets aligned with product and brand needs

Qubika — Montevideo, Uruguay

2023 – Present

Senior Product Designer [Oct 2024 - Jan 2025] Craft high-quality user experiences [For Client Royo]

Key Competencies

- UX/UI • Figma • Motion • Cross-functional Collaboration • AI interactions

Delivered product launch readiness

- Determined friction points in onboarding, pricing, and AI interactions
- Defined end-to-end user flows, including edge cases
- Created and validated high-fidelity prototypes

Senior Product Designer [Apr 2024 - Oct 2024] Redesign complex workflows to improve trust and conversion [For Client Unbound]

Key Competencies

Interaction Design • Conversion Optimization • Product Thinking • Design Systems • Custom Illustrations • Gamification

Redesigned a complex platform to improve trust and increase payment conversions by simplifying critical financial flows.

- Reworked information architecture to make critical actions more intuitive and accessible
- Headed full redesign of core product flows after identifying low user trust and poor usability across platform
- Simplified debt payment flows, accelerated insights through automated analysis, improved clarity in user journeys

Moove It, Montevideo, UY [Merged with Qubika]

06/2021 - 11/2023

UX/UI Designer

Boosted product development to grow company services and client outreach

- Transitioned into UX/UI design, contributing to internal tools and proof-of-concept digital products
- Collaborated with mobile and web development teams on iOS applications, including wearable-integrated experiences
- Supported product development through illustration work for core features in pet care and logistics & mobility platforms

Moove It, Montevideo, UY [Merged with Qubika]

12/2018 - 05/2021

Marketing Specialist

Maximized visual communication across campaigns, brand assets, and client-facing materials

- Designed pitch decks, sales materials, and branding assets supporting pre-sales, sales, and client acquisition efforts
- Managed social media design and visual strategy, ensuring consistent brand presence across digital channels
- Supported brand identity development and scalable visual systems as Design Leader across multiple projects

Other Relevant Experience

Qubika / Shark Ninja

Senior Product Designer

Nov 2025 - Dec 2025

Freelance / Esphera Capital Miami, FL

Senior Product Designer

Aug 2025 - Feb 2026

Education

University of the Republic (Udelar) — Montevideo, Uruguay
